

## DISGRACEFUL RACE

### RIOUS IN VANCOUVER

**White Men Attempt to Wreck Chinese and Japanese Quarters—Pitched Battle Occurred in Street—Lieutenant-Governor Burned in Effigy.**

Vancouver, Sept. 9.—One of the worst race riots in the history of Canada occurred here last night and early this morning. As a result seven are under arrest, and a dozen persons are so badly injured that they are fit subjects for the hospital. The primary motive of the disorder was a demonstration of later people against the Lieutenant-Governor Dinnair, and it rapidly developed into an attempt to demolish Chinatown and the Japanese quarters. The trouble started when the proceedings had ended at the city hall. The purpose of the meeting there was to bring to the attention of the federal government the need of stopping altogether the Oriental immigration. Long before the parade reached the meeting place the auditorium was crowded to overflowing and it was to be expected that the overflow would be the cause of the trouble.

At about 10 o'clock the crowd of about 100 persons gathered in front of the city hall. The police did not have a chance to make an arrest. As often as a rioter was laid hold of by the crowd he was thrown to the ground and a new one was taken his place. The police did not have a chance to make an arrest. As often as a rioter was laid hold of by the crowd he was thrown to the ground and a new one was taken his place.

Then came A. E. Fowler, secretary of the Anti-Asian League of Seattle, who told the crowd how the Hindus had been driven out of Bellingham. In five minutes the crowd was wrecking all that was movable and breakable in Chinatown. In the meantime a series of resolutions were carried at the meeting indoors.

Down in Chinatown the Orientals took to the woods, some hid in cellars, others went to the Japanese district and in all cases the doors were locked and blinds drawn. The new Chinatown is a brick, stone and plate-glass affair. Bricks and rock did frightful havoc with the fronts of these handsome buildings. Chief of Police Chamberlain called in his brigade with the intention of turning the hose on the mob, but he was afraid to do this for fear of the rioters would burn Chinatown. As a matter of fact this was attempted on several occasions, but none of the five amounted to anything. Finally a big hook and ladder truck was thrown across Carroll St., at Wood's Hotel, and the crowd kept behind this.

Following the burning of the Lieutenant-Governor in effigy in front of the city hall were the wildest scenes ever witnessed in Western Canada. The police were powerless, being unable to collect the mob. They had actually to appeal to the Japanese to merely resist attacks on themselves and their property rather than to go on the street and fight openly.

Hundreds of the Mikado's subjects had come to town, only to find in the day to witness "the parade" and demonstration of the evening. They were watching for a battle in the streets, which if it had occurred, would have resulted in many fatalities, but in only one case were there any deaths. A determined fight and then they put the rioters to flight.

Early this morning a pitched battle occurred at the corner of Westminster Ave. and Powell street, in which the white rioters received considerably the worst of it. Four blocks away the latter threatened to march along the latter thoroughfare and then with Japanese stores. Proceeding by their experience in the Chinese town riot the police had stretched ropes across the streets and were deterring the entrance of the rioters. But at this corner are three handsome Japanese general stores. Two thousand men surged around this point. Suddenly from away up the street came the sound of smashing glass as some plate glass front was stove in. Instantly hundreds of bricks flew from all directions at the store, and in a few minutes a thousand dollars worth of damage was done.

The Japanese could stand it no longer. From stores, from hallways,

from roofs, they hurried into the street, brand with sticks and knives and even knives, they charged the mob.

"Banzai!" cried the air. In five minutes the Japanese had cleared the street. Away up Powell street a volley of pistol shots was heard at this moment and the crowd turned its attention to the new scene of fighting. The Japanese pursued, and the white men fled, only to take up the fight in another place, where the little brown enemy were not nearly so well armed.

The Japanese had been well prepared for this street corner attack. They used broken bottles to perfection. Grasping in his hand the neck of a broken bottle, one Japanese would jab it into the face or body of the nearest rioter, and many wounds were inflicted by this system of warfare. Knives were used in this fight too. Two white men were so badly injured that they had to be carried away by the crowd.

Up to this time not a single arrest had been made, but at two o'clock the crowd had begun to become thinner in places, and one by one seven rioters were taken to the station, where the police had literally to fight with their captives' friends every step of the way to the station, which stands only two blocks away from the Japanese district. Early in the evening the police did not have a chance to make an arrest. As often as a rioter was laid hold of by the crowd he was thrown to the ground and a new one was taken his place.

Montreal, Sept. 10.—As a result of the Conservative party's decision to stay out of the field in opposition to Dr. Pugsley, the situation and its conclusion it was announced that no strong candidate was available. The meeting adjourned without taking any action and without voting on the question of contesting the seat. An adjournment was taken without date and as the election is slated for Sept. 25th, it is taken to mean that there will be no Conservative in the field. Mayor Sears, who is a Liberal, reaffirmed his decision to stay out of the field in opposition to Dr. Pugsley.

Ottawa, Sept. 9.—The general opinion in official circles is that Canada will have to pay the cost and apologize to Japan for the damage caused by the rioting at Vancouver. The property of the Japanese in that city. It is regretted that the outbreak in Canada and Japan. Those who are responsible for the destruction of property will no doubt be prosecuted. It is also thought here that there has been too much strong talk by the advocates of the Japanese as well as those who are opposed to them.

Interviewed said that the treaty between Canada and Japan, as ratified by the Canadian parliament at its last session, was perfectly clear as to the rights of the Japanese in Canada. The subjects of each of the two high contracting parties shall have full liberty to enter, travel or reside in any part of the dominion or possessions of the other contracting party and shall enjoy full and perfect protection for their persons and property.

The Dominion government has made good progress in the direction of making an amicable arrangement with Japan restricting Japanese immigration to about five hundred arrivals in Canada in one year, no matter where they come from and it is hoped here that the disturbance will in no way interfere with the negotiations.

Victoria, B. C., Sept. 9.—During Sunday's riots F. B. Watt, a Calgary journalist, was seriously injured by Japs who enticed him into a place on pretense.

## Must Keep Hotel Open to Public

Toronto, Sept. 9.—When Judge McIntyre held court at Uptown, the local hotelkeeper, McNulty, reserved the dining room for the Judge and lawyers and barred the entire public out. One well known resident came with his daughter and demanded admittance, which was refused, so he presented the hotel man for neglecting to provide adequate accommodation for his guests. Two Justices of the Peace convicted McNulty, and he promptly accepted the case, which would bring it in due course before Judge McIntyre, but he will probably refuse to try it.

## No Opposition To Pugsley

St. John, Sept. 9.—So far as the Conservative party is concerned it appears that St. John city and county seat will be given up to the Liberals and Hon. William Pugsley, new minister of public works will be unopposed. The meeting of the Conservative executive was held tonight to consider the situation and its conclusion it was announced that no strong candidate was available. The meeting adjourned without taking any action and without voting on the question of contesting the seat. An adjournment was taken without date and as the election is slated for Sept. 25th, it is taken to mean that there will be no Conservative in the field. Mayor Sears, who is a Liberal, reaffirmed his decision to stay out of the field in opposition to Dr. Pugsley.

## Child Fell Into Well

(Special to the Chronicle)  
Hespeler, Ont., Sept. 10.—The two-year-old son of Edward Birkin had a miraculous escape from death last evening at the home of Frank McQuay, where Mr. Birkin and family were visiting. The child fell head first into a forty-foot well, but fortunately landed on his feet at about two feet of water. Robert McQuay went down and brought the youngster up little the worse for the fall.

## \$5,000 Damages to Fort William Elevator

Fort William, Sept. 9.—Fire broke out at eight o'clock yesterday morning in the basement of Muirhead and Black's elevator and did damage to the extent of \$5,000, fully covered by insurance. The blaze is said to have started from a spark caused by overheated machinery flying amongst screenings and is supposed to have smothered all night.

## Fireman Killed by Explosion

Toronto, Sept. 9.—Through the explosion on the crown sheet of the boiler, Thos. Miller, a C.P.R. fireman was fatally scalded and burned early today, and buried thirty feet into a vacant lot. Part of the engine was blown out with him. Miller's home is in McAdam, N.B. After the explosion the engineer was thrown forward and was not able to stop his engine until it had gone nearly a mile. He was scalded about the legs.

## Cushing Talks of Alberta Crops

Toronto, Sept. 9.—Southern Alberta has the best crops it has ever had and the weather only keeps fine Northern Alberta will also have a good yield. This is the opinion of Hon. W. F. Cushing, minister of public works for the province of Alberta, when asked the question of how the harvest was turning out in the West. He added that if the weather remained as it was when he left a few days ago, the best crops for many years would be garnered. Mr. Cushing will be here till Wednesday.

Toronto, Sept. 9.—Roy Cory, 28 years old, son of Dan Cory, a wagon maker, was accidentally shot this morning, and is lying at the point of death. He was camping at Gravelly Point, ten miles from here, and while pointing a gun towards him under the tent, the trigger caught and discharged the contents into his breast.

## BOARD OF TRADE DEFINED SECRETARY'S DUTIES

### Exhibits of Products Will be Sent to New Westminster, Vancouver and Victoria.

The regular meeting of the Board of Trade was held last night in the city council chamber, President MacRae in the chair.

The minutes of the last regular and special meetings were read and approved. Applications for membership were received from R. E. Lewis and Capt. Carleton. The council of the board not having dealt with these, on motion of J. W. Blain, seconded by L. L. Fuller, the board adjourned to deal with the applications. The council met at once and both were recommended. The Board on motion of Messrs. Sheppard and Buhner, approved the applications recommended by the council on motion of Messrs. Sheppard and Buhner.

On motion of L. L. Fuller and P. Buhner, an account of E. L. Crum was ordered read. W. H. Sheppard then submitted the following resolution, defining the hours and duties of the secretary, which was seconded by J. F. Wer:

"Resolved that the secretary shall attend all regular and special meetings, and meetings of the council of the board, and keep minutes of said meetings, written up in the minute book; keep the office open from 8 o'clock to 11 o'clock; assist in collecting membership fees, answer promptly all correspondence except that of such nature as should first be submitted to the council, and contribute as frequently as time will permit to the public press articles affecting the progress of Strathcona and district. When strangers are seeking for information it will be the duty of the secretary, wherever argument is so sufficiently convincing as to show them against the city. He shall pay special attention to manufacture, large or small. He shall assist the public committee and do all reasonable work that they may require. He shall ask the council for leave of absence when it is desired."

A suggestion was also offered by Mr. Sheppard, that a photographer should be taken out just before some good harvest scenes for future use.

Mr. Blain in opening the discussion said it was difficult to define the duties of the secretary and moved an amendment, seconded by L. L. Fuller: "That the time of the secretary be the whole time and his duties the whole duties." The president asked Mr. Blain to define what he meant by "whole" time and "whole" duties but he declined to qualify the terms, and L. L. Fuller moved an amendment which was subsequently withdrawn in Mr. Blain's motion that "The secretary sever his connection with the Chamber of Commerce."

After considerable discussion which was carried on by Messrs. Blain, Fuller, Malone, Dr. Holton, J. A. Wer, R. E. Lewis, and during which Counsel and the newly elected members, Mr. O. Bush challenged any one to say that The Chronicle was not a good thing for the city, the amendment was put and lost by a vote of 10 to 5. The motion was then put and carried by the same vote.

The president brought up the matter of a telephone in the office of the chief of police and the chief of the fire department, and the secretary was instructed to write the council asking for these connections. Mr. Porter, at the request of President MacRae, brought up the matter of a telephone in the office of the chief of police and the chief of the fire department, and the secretary was instructed to write the council asking for these connections.

## Do Tribesmen Want Peace?

Paris, Sept. 9.—A ray of hope for a possible solution of the Moroccan problem came from the Moorish Empire last night in the shape of an announcement that the tribesmen were being left open. Vice Admiral Philibert confirms this news in an official cablegram stating that a delegation from the warring Arabs had a general rule for an armistice pending a settlement of the peace terms. The armistice was to have expired yesterday but the result is not yet known. No great expectations are based upon this announcement, but it is believed that the move may be a trick of the Moors to gain time to bring in reinforcements.

**CURRENT COMMENT.**

The opposition to the Secretary of the Board of Trade last evening resolved, it self into a crystallized motion demanding the severance of his connection with the Chronicle.

Not one opponent could be found that would deny that the Chronicle was an excellent thing for the city and several admitted that the editor had made many successes of it. One of the speakers in one breath asserted that the Chronicle was a good thing and was needed and in the next demanded the severance of the Secretary of the Board of Trade from it.

One speaker said the Secretary might as well start a Creamery or Cheese factory or Canning factory as a daily paper. The Secretary would willingly start either if the opportunity offered. There is this difference, however. A newspaper is a medium of publicity with its circulation and its exchange list, such as a Cheese factory or a Creamery or a Canning factory could not become.

The argument freely advanced lately that the Secretary's dual position was keeping members away from the Board and causing them to neglect paying dues is met by the fact that the last two meetings were the best attended since the Secretary was appointed; the dues are in as good a shape as during any recent year and the Board is in a good healthy condition. The assertion that the Secretary has neglected any duty has not been advanced seriously by anyone at either of the meetings recently held.

The accusation that the Secretary has introduced politics into the Board has not been favored by anyone with evidence at hand or elsewhere to support it.

The whole difficulty therefore resolves itself into an opposition to the Secretary's connection with a daily paper which the members say is needed, which the public reads and enjoys, the business men support, the Board and city have the advantage of for nothing, and which is not opposed by anyone except a rival paper and a few friends whose sympathy it has enlisted.

It is now the duty of the members of the Board of Trade, and especially those who have adopted the attitude that the Secretary should create work, to assist in that very valuable undertaking.

**POPULAR PROPOSALS.**

(Hamilton Herald.) 6  
 Convincing tributes to the worth of Mr. Borden's program are paid by those Liberal journals which accuse the Conservative leader of having appropriated Liberal ideas and worked them up. But if it is true that the Borden program is essentially a Liberal one, the fact does little credit to the responsible exponents of Liberalism, who, having been in power for eleven years, have done so little to give form and substance to the principles for which they claim.

Reform of the senate, reversion of western lands for the settler only, civil service reform on the British model, control and operation of the government railways by an independent commission, nationalization of the telegraph and telephone services, the regulation of public utilities in the public interest—are these Liberal proposals? True, they have been advocated by some Liberals; but what has official Liberalism done to have them realized? For Liberal to claim them as Liberal proposals is to cast a reproach upon the Liberal government at Ottawa.

But, as we have said, such a claim is evidence that most of Mr. Borden's proposals are regarded with favor—probably with envy—by many Liberals. It is certain that they are favored by progressive Conservatives and by most men of no political party. It would be well for the Laurier government to consider the advisability of discounting the effect which the Borden program will have upon the country by introducing some large and popular measure of reform on its own account. It might be imprudent to appeal to the country on its past record or with the Aldred line as the only "new attraction."

**HIS SUNDAY SPEECH.**

(Standard).  
 In Quebec the big political meetings are frequently held on Sunday afternoon. Sunday, the 18th inst., was a day to be long remembered at Big and a village near the confuence of the Ottawa river with the St. Lawrence. On that day there was a pilgrimage of many thousand people to a shrine on the mountain side and Bourassa took advantage of the occasion for a political address after the devotional exercises. Thence were made of rough treatment such as emigration of the movement gave him at Quebec a short time ago, but no disturbance arose. Both sides were represented on the platform and Mr. Boyer, M.P. for that district, spoke first in support of the Laurier government.

It was a Liberal meeting by pre-arrangement and the speakers addressed themselves to Liberal hearers. Mr. Bourassa told them that he was a Liberal, the son of a Liberal, and the grandson of a Liberal. He read them the declaration of Liberals and the programme of Liberals. He showed them that the public domain was being wasted and all sorts of concessions were given, to the disadvantage of the people.

What Mr. Bourassa said in substance was "I am a Liberal, but I cannot stand for this." Then he took up the question of public instruction, and he showed by quotations from Liberals and from the clergy, that the children of Quebec could stand much better schools, and that if they had these better schools they would be better fitted for the battle of life. These quotations, he said, were his views, and therefore it was as a Liberal pure and simple that he stood up for honesty in the administration of the public domain and for better education of the people. If he had occasion to criticize the conduct of Liberals, he was not to be blamed, but the Liberals had to be blamed, inasmuch as they had departed from their programme, and had allowed the public rights and the public domains to be raided.

**HAS CRACKLESS VAMP**  
 IMPROVEMENT NUMBER ONE

A Cracked Vamp

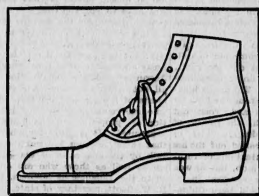

Why? We'll tell you what the vamp is, then why. The vamp is the leather between the box toe seam and the instep seam.

This is why Foot-rites have crackless vamps. They're made of "Normal Calf," a leather almost as soft and supple as the live calf's skin. Never heard of a live calf's skin cracking, did you?

Foot-rite linen canvas linings are cut on patterns which fit the insides with watch-like accuracy. Fitless linings cause permanent diagonal vamp wrinkles, which split the leather.

Foot-rites are almost waterproof, hence soak up little water. The repeated drying of water-soaked boots eventually brings cracked vamps.

The Foot-rite toe-freedom box toe, being uncollapsible, holds the vamp leather arched and smooth, which prevents splitting at the vamp-toe seam.

A Foot-rite Vamp

The Foot-rite wrinkleless vamp improvement keeps out vamp wrinkles which undermine and crack the vamp leather.

And being shaped over foot-sculpture lasts, Foot-rite insides are precisely the same shape and size as the feet that inhabit them, which compels the leather to crease straight instead of diagonally across the vamp. Diagonal creases wear into cracks. Straight creases don't.

There's a door in your town that swings inward but never outward to find a more welcome place. That's the door of the Foot-rite retailer. His name's below. Better swing it and try on a Foot-rite with a crackless vamp.

Anywhere in America, Canada or Great Britain, \$4.00 and \$5.00. Every pair Goodyear Welted.

## Getting C.N.R. Line Into Shape

Winnipeg, Sept. 9.—The Canadian Northern Toward Company has been incorporated under the Dominion Companies Act with a capitalization of a quarter million and offices at Toronto, for the purpose of acquiring land, wharves, docks, docks, ship ranches, sheds, elevators, to acquire lands for terminals, and to lay out and improve same, to charter or otherwise acquire steam and other vessels and to operate same in and beyond Canada for other purposes incidental thereto. The provisional directors are G. G. Hall, G. F. Macdonnell, A. J. Mitchell, R. C. Amesley, R. T. Ormsby, all connected with the offices of MacKenzie and Mann, Toronto.

M. H. McLeod, general manager of the Canadian Northern railway, arrived from the West, states that the ballasting work on the line to Edmonton is being rushed forward very rapidly; seven steam shovels are at work and a large gang of men. Building operations in the way of depots and roundhouses are going on all along the line and the new road to the West is being put into good shape.

## Manitoba's Chief Justice Stricken

Winnipeg, Sept. 9.—Chief Justice Howell was suddenly stricken by illness this morning while driving from the C. P. R. depot to his home. Two physicians were immediately summoned, Drs. Macdonnell and Milroy, and they decided, after a short consultation, that the Chief Justice was in a very critical condition. The patient, however, responded satisfactorily to the stimulants which the medical attendants administered, and is resting easily.

## Hill Don't Control Crow's Nest Line.

Toronto, Sept. 9.—The attention of Hon. Robert Jaffray was directed to the statement from Vancouver that J. J. Hill has secured control of the Crow's Nest Pass coal line, and to the frequency with which similar assertions damaging to the Crow's Nest Co., come over the wires. Senator Jaffray said: "That the company has some very active enemies is quite apparent. It is not true that Hill has increased his holdings in the manner asserted, and it is not true that Lindsay is to retire." ... Winnipeg, Sept. 9.—Senator Cox denies that Lindsay is going to be dismissed from the C. N. P. mines.

# T

Is one of the necessities of life. A good cup of **T** relieves that sick headache; removes that tired and worn feeling after a busy day's housework. And a Good cup of **T** seems just the proper thing over which to chat and exchange ideas on at some days. Now we handle what we consider the best brands in the city, namely:

|                                    |     |
|------------------------------------|-----|
| Deckajulie (black) at per pound    | 50c |
| Victoria Cross, at per pound       | 50c |
| Richard's Pure Black per pound     | 40c |
| Orange Pekoe No. 1 Black per pound | 35c |

THREE POUNDS FOR ONE DOLLAR

We have control of these brands. They are packed in Ceylon especially for us and under our own label. (No other merchant in Strathcona can get this tea except from us). And we have the opinion of dozens of **T** drinkers in the city and 95 per cent of them pronounce Deckajulie the best 50c tea they have tasted. In green we have 2-Flags at 25c, 3 pounds for \$1.00. Mercury at 50c per pound.

If, after you have sampled a package of any of these brands, you are not satisfied, return it and get your money back.

## Around the City.

John Halstead, assistant general freight agent for the C.P.R. at Calgary, is in this city and Edmonton in connection with his department.

The Empire Coal Co. have let the contract for their shaft at A. D. Campbell, who will begin operations at once.

Sidney C. Betts, who was for two years connected with the local branch of the Imperial Bank, has been transferred to Banff, for which point he left today. During his stay here Mr. Betts was extremely popular.

The reception to Dugald McInnes, winner of the Governor-General's prize, on his return to Strathcona, will take the form of a public smoking concert under a committee of B. Squadron C. M. R. The smoker will probably be held in Tipton's auction rooms, the most convenient place.

Hon. R. F. Sutherland, M. P., Speaker of the House of Commons and Liberal member of parliament for North Essex, arrived in the city last night on the late train and proceeded to Edmonton. Here Mr. Sutherland is on a trip through the West.

Advertising in the Chronicle pays. Last evening J. F. Weir advertised for a pocketbook which he had lost, and this morning it was brought to him by Mr. F. Ryan, treasurer for the White Star Coal Co., who had picked it up on the street, and who refused to accept the reward offered.

In this issue we publish a notice from the health board regarding the duty of citizens to at once provide themselves with a metallic receptacle for kitchen refuse. We think this is a wise precaution, taken by the board in view of the possibility of an outbreak of typhoid during the autumn months. Any citizen who has the interests of the city at heart will at once comply with the health regulation.

A Stamp Menagerie.  
A very complete menagerie may be found from a collection of postal stamps having animals, birds and fish as the central figures. The animals represented are: lion, tiger, elephant, rhinoceros, jaguar, camel, hippopotamus, ostrich, bear, leopard, dog, kangaroo, cat, horse, cow, llama, goat, monkey, chicken, turkey, duck, seal, saff, gull, cobra, crocodile, tortoise. The fish family is represented by the post stamp, eel, trout, salmon, shark, swordfish, whale, eagle, parrot, turkey, eagle, swan, goose, quail, dove, bird, hen, pheasant, fire bird, etc., etc. Of fish there are but two—the eel and carp. The insect kingdom has no representation in the butterfly, nestling in the culture of former Queen Lilian Holm—Frank J. Stillman in St. Nick class.

### Willing to Help.

Willie was an only child, whose parents lived on a farm. He grew very lonely and longed for a playmate. One day he asked his mamma why she didn't get him a little brother. Mother replied, "Willie, babies are too much trouble to tend." "Say, mamma, if you'll plant him, I'll hoe him."

### CANADIAN ORDER OF FORESTERS

Court Strathcona, City Lodge No. 10, 1088.

For Safe Insurance, Sick and Accident Benefits, you cannot join a better order.

Rev. W. B. George, Financial Sec.

## Notice.

The public are hereby notified that at the last meeting of the City Council a by-law was passed making it compulsory that all residents provide themselves with a metallic receptacle for fluids and semi-solid kitchen refuse in addition to the sanitary pail. As the typhoid season is on the necessity of precaution is apparent. The Health Board would therefore urge upon all householders not already supplied to provide themselves at once, or precautions will be provided with. The metallic receptacles now on hand will be provided at once, and may be had on application at the office of the Secretary-Treasurer of the City.

By Order of THE BOARD OF HEALTH.

## Still Longing For Hauber

The mayor has addressed the following letter to Poundkeeper Wapshott: Sept. 9th, 1907.

H. Wapshott, Esq., Poundkeeper, City.  
Dear Sir:—Re city pound. Since you undertook to enforce the by-law, after your return from your duties under the Militia Act, I have studiously avoided having anything to say or do with your duties beyond the fact to personally see that the pound that the city furnished you was properly drained.

You undertook to act as poundkeeper for the city and you furnished your own pound. Up to a few weeks ago you did this, and you then informed the city that Mr. Coulson who owned the pound refused to permit you to use his enclosed yards for the purpose of keeping your pound. Upon this notice being received, the city undertook to and did furnish you a pound properly fenced for the purpose and without in any way cutting down your fees.

Up till the last rains this pound was absolutely dry and free from water, and yet cattle roamed the streets at their own will. Heavy rains came and the city pound was flooded, and while the city pound was so flooded, there is no doubt that you were entitled to take the position that you did, viz: the pound was unfit. The city pound has since been drained, but animals are still allowed to roam the streets at their own will, apparently without hindrance from you. Citizens have as yet been complaining to me about their gardens and yards being broken into by cattle and horses and great damage being done. I must, therefore, ask you to see that any horses and cattle roaming about are properly impounded in this pound.

I was given to understand through the columns of The Chronicle that the by-law would thereafter be enforced in accordance with the wishes of the citizens, the aldermen, the poundkeeper and The Chronicle. I am afraid that this has not been done. Let me ask you to see that it is done, and if you are unable to see that this is done, kindly let me know so that I may lay this matter before the council at its next meeting, Tuesday, Sept. 10th.

I think that I have given you, as a city official, a proper chance to enforce this by-law. I have no wish to take unfair advantage of a city official, but since the city has furnished you with a pound, which is not obliged to do under the agreement you as poundkeeper, it seems to me that the least you can do is to be just and do your best to enforce this by-law.

Yours truly,  
N. D. MILLS,  
Mayor.

Mr. Wapshott informs us that he has during the past month, notwithstanding the fact that the pound was at times unfit for occupation, impounded 28 cows and 3 horses. He is determined to enforce the mayor's instructions if it "boots" him.
